

MT-101ACT Wireless Microphone for MA-101ACT

Key Features

World's first personal multi-purpose rechargeable wireless microphone:

- The same wireless microphone can be used in between 1 and 97 different rooms - all with different frequencies to avoid crosstalk or loss of privacy
- Includes slide control for wireless volume adjustment and level switch
- Ultra-lightweight, slim and compact design can be handheld or suspended around the user's neck
- Built-in 3.5mm mini-jack line-input (mono) accepts an external portable music player such as an iPod/MP3 or CD player for sound amplification
- Can be used as a lavalier (lapel) or headset mic for greater flexibility.
- A drop-in charger (MP-101ACT) ensures the microphone is always charged and ready to use.
- 24 operating hours per fast charge.
