

MA-101ACT Remote-controlled Wireless PA System

Teacher's Best Friend

Same Microphone Operates in Multiple Rooms

The MA-101ACT is designed to allow each teacher to carry their own personal wireless microphone from classroom to classroom. Once the wireless amplified monitor speakers have been installed in each classroom, the teacher can then activate each individual system via their own microphone (using MIPRO's ACT sync feature). It allows the teacher to remotely turn the system on and off as well as to adjust the volume...all from the mic. An external audio source such as a iPod/MP3/CD player can also be connected to the personal microphone and be heard through the monitor speaker system.

The mic can be worn around the neck or held, or worn around the neck and with an optional lapel or headworn mic plugged in. A drop-in microphone charger makes battery charging easy.

Key Benefits

- **Hygiene:** carries his/her own personal wireless microphone. No need to share mics.
- **Stylish & ultra lightweight:** Can be hand carry, worn around the neck as lavalier or headset mic (external).
- **Up to 97 multiple rooms:** Same personal mic can be used in any of the installed 97 rooms.
- **Rechargeable batteries:** Environmental, can be used over and over, therefore, save enough money to pay for the system.
- **100% true voice :** Delivers crystal-clear sound quality.
- Reduces vocal fatigues and sore throats.
- Amplified sound increases attention span and improve listeners' comprehension.

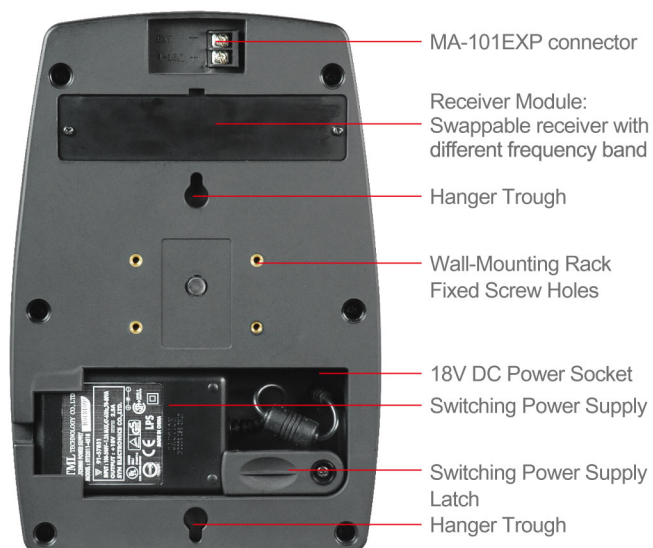

Innovative Features

- Powerful 45-watt PA delivers loud and clear sound.
- Industry's only multi-functional, versatile wireless microphone: MT-101ACT.
- Power on/off and volume adjustment can be controlled remotely.
- Diversity reception for extended and reliable transmission.
- Connects to portable iPod/MP3/CD/cassette/DVD/VCR player, PC or other audio sources to broadcast high quality music.
- Transmitter has built-in rechargeable batteries, thereby saving considerable expense.
- Operates up to amazing 24 hours per 3-hour fast charge.
- Detachable 100~240V AC auto-switching power supply.

Ideal Applications

- Multiple classrooms, lecture halls, corporate/meeting rooms and similar environments.

MT-101ACT Personal Wireless Microphone

Optional Accessories

Specifications

Power Output	45W (Max)
T.H.D.	< 1%
Frequency Response	60 Hz~15 kHz
Loudspeaker	5 " full-range high efficiency
Power Supply	Built-in 100~240V AC detachable switching power supply
Dimensions (W × H × D)	190 × 275 × 155 mm (7.5 × 10.8 × 6.1 ")
Weight	Approx. 2.3 kg (5 lbs), loaded
Color	Black
Wireless System	
Frequency Range	UHF 620~934 MHz
Receiver Channel	Each swappable module has 97 UHF selectable frequencies
Transmitter	MT-101ACT
Audio Inputs	MT-101ACT accepts 3.5 mm Mic or Line audio input
Transmitter Battery	Detachable rechargeable battery & charger attached
Charging Time	Up to 3 hours: fast charge
Operating Time	Up to 24 hours
Antenna	Built-in
Approvals	Telecom and safety regulations approved.
Notes	Refer to actual product in the event of product discrepancy. Frequency range and maximum deviation comply with the regulations of different countries.
